Certain Activated Carbon from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2015-2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: In response to requests from interested parties, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain activated carbon from the People's Republic of China (PRC) for the period of review (POR) April 1, 2015, through March 31, 2016. The Department selected two companies, Jacobi Carbons AB and Datong Juqiang Activated Carbon Co., as mandatory respondents for individual examination. The Department preliminarily finds that subject merchandise has been sold in the United States at prices below normal value (NV) during the POR. The Department invites interested parties to comment on these preliminary results.

DATES: Effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

## SUPPLEMENTARY INFORMATION:

### Scope of the Order

The merchandise subject to the order is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 3802.10.00.<sup>1</sup> Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.

### Preliminary Determination of No Shipments

Based on an analysis of U.S. Customs and Border Protection (CBP) information, and no shipment certifications submitted by Calgon Carbon (Tianjin) Co., Ltd., Shanxi Dapu International Trade Co., Ltd., and Sinoacarbon International Trading Co., Ltd., the Department preliminarily determines that these companies had no shipments during the POR. For additional information regarding this determination, *see* the Preliminary Decision Memorandum.

Consistent with our practice in non-market economy (NME) cases, the Department is not rescinding this review, in part, but intends to complete the review with respect to these companies, for which it has preliminarily found no shipments, and issue appropriate instructions to CBP based on the final results of the review.<sup>2</sup>

### Methodology

The Department is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). We calculated constructed export prices and export prices in accordance with section 772 of the Act. Because the PRC is a NME within the

meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and it is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. #### Verification

As provided in sections 782(i)(3)(A)-(B) of the Act, we intend to verify the information upon which we will rely in determining our final results of review with respect to the two mandatory respondents, Jacobi Carbons AB and Datong Juqiang Activated Carbon Co., Ltd.

#### Preliminary Results of the Review

The Department preliminarily finds that 186 companies for which a review was requested did not establish eligibility for a separate rate because they either failed to provide a separate rate

application or separate rate certification (SRC).<sup>3</sup> As such, we preliminarily determine that these 186 companies are part of the PRC-wide entity.<sup>4</sup>

For companies' subject to this review that have established their eligibility for a separate rate, the Department preliminarily determines that the following weighted-average dumping margins exist for the POR from April 1, 2015, through March 31, 2016:

Exporter	Weighted-Average Dumping Margin (U.S. Dollars Per Kilogram) <sup>5</sup>
Jacobi Carbons AB <sup>6</sup>	1.02
Datong Juqiang Activated Carbon Co., Ltd.	0.62
Beijing Pacific Activated Carbon Products Co., Ltd.	0.82
Carbon Activated Tianjin Co., Ltd.	0.82
Datong Municipal Yunguang Activated Carbon Co., Ltd.	0.82

<sup>3</sup> While Ningxia Guanghua Activated Carbon Co, Ltd. (Guanghua) submitted a timely SRC, it did not have any sales to the United States. Additionally, we note that Guanghua is part of a single entity with Ningxia Guanghua Cherishmet Activated Carbon Co., Ltd. See "Separate Rates" section of the Preliminary Decision Memorandum; see also, Preliminary Decision Memorandum at Attachment I for a complete list of the 186 companies which were not found eligible for a separate rate.

<sup>4</sup> Because no interested party requested a review of the PRC-wide entity and the Department no longer considers the PRC-wide entity as an exporter conditionally subject to administrative reviews, we did not conduct a review of the PRC-wide entity. Thus, the rate for the PRC-wide entity is not subject to change as a result of this review. See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963, 65969-70 (November 4, 2013). The PRC-wide entity rate of 2.42 U.S. dollars per kilogram was last reviewed in *Certain Activated Carbon from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2012-2013*, 79 FR 70163 (November 25, 2014).

<sup>5</sup> In the second administrative review of the *Order*, the Department determined that it would calculate per-unit weighted-average dumping margins and assessment rates for all future reviews. See *Certain Activated Carbon From the People's Republic of China: Final Results and Partial Rescission of Second Antidumping Duty Administrative Review*, 75 FR 70208, 70211 (November 17, 2010). See also *Notice of Antidumping Duty Order: Certain Activated Carbon From the People's Republic of China*, 72 FR 20988 (April 27, 2007) ("Order").

<sup>6</sup> In the third administrative review of the *Order*, the Department found that Jacobi Carbons AB, Tianjin Jacobi International Trading Co. Ltd., and Jacobi Carbons Industry (Tianjin) are a single entity and, because there were no facts presented on the record of this review which would call into question our prior finding, we continue to treat these companies as part of a single entity for this administrative review, pursuant to sections 771(33)(E), (F), and (G) of the Act and 19 CFR 351.401(f). *Certain Activated Carbon from the People's Republic of China: Final Results and Partial Rescission of Third Antidumping Duty Administrative Review*, 76 FR 67142, 67145 n.25 (October 31, 2011). ## Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.<sup>12</sup> The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. For any individually examined respondent whose (estimated) *ad valorem* weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total quantity of those sales, in accordance with 19 CFR 351.212(b)(1).<sup>13</sup> The Department will also calculate (estimated) *ad valorem* importer-specific assessment rates with which to assess whether the per-unit assessment rate is *de minimis*. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate calculated in the final results of this review is not zero or *de minimis*. Where either the respondent's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*,<sup>14</sup> we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries that were not reported in the U.S. sales data submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the rate for the PRC-wide entity.<sup>15</sup> Additionally, if the Department determines that an

exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's cash deposit rate) will be liquidated at the rate for the PRC-wide entity.<sup>16</sup>

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

#### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for each specific company listed in the final results of review, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the *ad valorem* rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have received a separate rate in the completed segment of this proceeding for the most recent period, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).
